## Big Sir's Corner John Kluesener

Recruiting is still going strong with the addition of four new members to the branch in May while our total membership remains at 260, up ten for the year.

Thus far we have added a total of 25 new members this year while losing 15 to resignations and deceased members. We are averaging one new member for every 1.3 guests which is an excellent return. I suspect many have been sold by coming to various activities rather than through our luncheons although it could be due to the sterling performance of our BIG SIR!! In any event we need to keep up the good work, shooting for another 25 for the second half of the year. Several members have brought in two or more new members. The rest of us need to get from the sidelines and talk to neighbors and friends about the benefits of SIR, not just the fun and activities but the better health of active men and the happier wives at getting their man out of the house! AARP recently had a good article regarding the health benefits of older adults leading more active lives, both physically and socially.

Speaking of the benefits of new members, **Thom Degnan**, joining in April, (thomdegan@gmail.com) has arranged a CPR class for interested parties at the Walnut Creek Library on Friday, June 21 from 9-11. Many of you have heard that our own **Larry Kaye** had a heart episode while on a bike ride last month and passed out. He was saved by a passer-by who stopped, called 911 and applied CPR, properly saving his life [[Read Larry's own narrative of this in the cycling column!](#)]. We are all at that point where we, family members, friends, or strangers, may be saved by one of us if we are properly prepared. Be a good SCOUT and Be Prepared!!

Branches 8, 116 and 146 met with the management of Boundary Oaks to discuss luncheon menus and concerns about quality. They have agreed to look at their process to see if there is a way to streamline some of

the activities. For example, they survey each table's meal preferences and then load a trolley for all the dishes for that particular table so the entire table is fed at one time. They are willing to look at other ways of serving. They have agreed to have one meal each month as a salad base, meat for one month, fish for the other to see how that is received. A cafeteria-style meal was also discussed but that could prove cumbersome for some members. Still, it might be something to try to see how it is received. Cost adjustments were not discussed at this time as we have a yearly contract. One Branch puts comment cards on each table to have members give constructive comments on the meal/service. I will try to add cards to the tables for comments on the meal/service and speaker and ask that the comments be handed in by putting them in the name tag collection basket set out at each luncheon.

## Little Sir's Corner Bob Ford

Hello everyone, our speaker in June is Ted Clement, Executive Director, Save Mount Diablo. In July we will have Frank Falzon and Duffy Jennings two retired SFPD Homicide Inspectors. In August, Fernando Ramirez from the CA Department of Water Resources will join us. I am still looking for someone to speak to us for our veterans lunch in November so if you know of anyone please let me know. I hope to see you all in June.

## Editor's Ramblings Clint Collier

I needed to move the cut off date for this issue up a couple of days earlier this month (May) as I "fell into" an end of month vacation that I wasn't contemplating back in April; thinking

about the SIR Fiesta got me in the mood to go to New Mexico! I want to thank all of you who almost immediately started sending in your articles!

It is Fiesta time! Hope you have signed up for the June 5th fiesta in the park with SIR. A lot of people are working to make this an great event. SIRCall is sponsoring the SIRCall Cantina at the event. We can't serve cerveza due to draconian laws, regulations, procedures and what not, but drop by, say hello and pick up a Cantina special: a Mexican soda!

We are trying out a new feature this month. If you've read SIRCall from the first page, you have already gone by it: it is a "Coming Events" list on the first page along with our Big Sir's report. It lists activities that are current and need/want/accept applicants to participate. Click on any of them and you will be taken directly to the page describing the activity. If you are an activity "manager" and want your article featured in this way in the future, let us know when you submit your copy!

Last submission date for the next issue will be June 18<sup>th</sup>. And, don't forget, if you have something you would like to say, send it in to [br146SIRCall@gmail.com](mailto:br146SIRCall@gmail.com), put "Member Note" in the subject line

## SIR Mission Statement

The Mission of SIR is to enrich the lives of its members through fun, activities, events and luncheons while making friends for life.

## Luncheon Chairman Steve Oki

In June, we are introducing luncheon-sized salads instead of one of the luncheon entrees. This month we will replace the meat entree with a Chicken Caesar Salad. This will continue into both July and August as an experiment for lighter fare being available for the membership for lunch. If it is popular, we may consider doing this more often or reserve it for certain times of the year.

Please note that we depend on you giving us a reservation as Boundary Oak will only produce a few extra plates (5 - 6 on average) than what we give as our reservations number. If you walk in without a reservation, we cannot guarantee you will get a meal or a choice of a meal that you want. If you have to cancel your reservation after the due date and time, please let us know as soon as possible. If you let us know before Boundary Oak has our final numbers, we do not waste food orders and there will not be a cost to you.

The links behind the entree items on the menu will generate an email for you to send, if it does not, please send an email message with your choice manually to [attendlunchbr146@gmail.com](mailto:attendlunchbr146@gmail.com). Be sure to include your menu choice!

All reservations will be acknowledged via email or voicemail. If you do not receive an acknowledgement within 24 hours, please send another message to the email above.

### UPDATE ON OUR PICNIC, MEXICAN FIESTA!

🌮 🍷 🎉 Hold onto your sombreros, folks! It's time to unleash the tortilla chips and let the salsa flow freely at the First Annual Branch Picnic! We're bringing the fiesta to the **Hanna Picnic Area at Borges Ranch** in Walnut Creek on **June 5, 2024**. Get ready for a day packed with more fun than a piñata. You may arrive as early as **10:30 am** and keep the party rolling **until noche** (that's evening amigo)!

Now, amigos, prepare your taste buds for a culinary journey south of the border because we've got **El Molino Tortilleria** catering up a storm. **The buffet line will be open from noon to 2:00 pm**, it's a Mexican feast fit for a luchador! You'll have to make the toughest decision of the day – which tantalizing entrée will you have? Will it be the savory **Chicken Taco**, the cheesy **Cheese Enchilada**, or the mouth-watering **Pork Tamale**? Of course, we will have all the usual trimmings (i.e, rice, beans, chips, salsa) and you can enjoy more than one entree!

And what's a fiesta without amigos and amigas to share it with? Bring your spouse, your significant other. **We're opening the doors to 70 lucky folks, so RSVP faster than you can say "¡Olé!"**

It's **\$28 per person** for this shindig, **but remember, amigos, you'll need to BYOB – Bring Your Own Beverage**. We've got the picnic tables, plates, utensils, and napkins covered, so all you need to bring is your appetite and a comfortable chair (if you don't like bench seating.) **To secure your spot** at the hottest fiesta this side of the Rio Grande, **shoot an email over to Bruce Borgman ([bgborgman@aol.com](mailto:bgborgman@aol.com)) and make sure to follow it up with a check made out to Branch 146, sent straight to Bruce at 3611 Winchester Place, Walnut Creek, CA 94598.**

So, dust off your sombrero, practice your salsa steps, and get ready to spice up your summer with the First Annual Branch Picnic – because life's too short for boring lunches and dull gatherings. Let's fiesta like there's no mañana! 🌮 🍷 🎉

### Cabaret

- Date: Sat, June 22, 2024 - Time: 2:30 PM
- Ticket price is **\$35**
- Set in 1929–1930 Berlin during the twilight of the Jazz Age as the Nazis ascend to power. The musical focuses on the hedonistic nightlife at the seedy Kit Kat Klub and revolves around American writer Clifford Bradshaw's relations with English cabaret performer Sally Bowles. The club itself serves as a metaphor for ominous political developments in Pre-WW2 Germany.

### Instructions

- As soon as I receive your check, I will enable you to choose your seats.
- Some seats are much better than others.
- If interested, please make out your check to SIR146 and send to me – at Glenn Breslin, 3480 School St., Lafayette, CA 94549.
- Your guests are also welcome to attend.
- Leshar Center, 1601 Civic Dr. Walnut Creek. Parking in the adjacent parking lot.
- The Leshar Center is conveniently located and reasonably priced (especially when compared with SF Theater prices).

Please reach out to me should you have any questions or comments. See contact information below.

I look forward to sharing these SIR-Theater experiences with you !!

## Photography Group

John "Moose" Kelly and Henry Thatcher

The theme for this May's meeting was flower photography. As a result, the SIR Branch 146 photography group consisting of **Clint and Beverly Collier, Ken Studer and Jan Egan, Ron and Victoria Polivka, Frank and Susan Terzuoli, Michael and Judith Rothman with Susan Holliday, Peter Plante, Bill Holly, and Moose Kelly** traveled to Filoli Gardens in Woodside to photograph the gardens and adjacent buildings. Filoli Gardens was the sight of a recent meeting with President Biden and Chinese President Xi. Besides this historic reference, the gardens have a vast array of flowers that were certainly colorful and at full bloom.

**Bill Holly** placed an order with Mother Nature to have a perfect weather day for our objective of photographing the various flowers within the garden. The order was accepted as requested. A spectacular day was on tap with sunny skies and a pleasant temperature.

As a result of the shoot, we will display our flower photos at our upcoming meeting which will be held at the Thurman Casey Library in Walnut Creek on Friday, May 31st at 9 AM. Come and join us with your favorite flower shots.

If you are not on our email list and would like to join the Photography Group or just want to come to our meeting to see what the club is all about, then please contact John "Moose" Kelly or Henry Thatcher. We would be happy to send you the agenda.

Be safe, be well and be sure to "Say Cheese"!

## Birding Ted Robertson

At 8:30am, a group of six SIR birders explored the Castle Rock Area of Walnut Creek and spotted and heard 34 species of birds. The highlights of the trip included a pair of American Kestrels and Ash-throated Flycatchers, good looks at a singing Warbling Vireo, two Lark Sparrows, and great views of several Western Bluebirds.

Our next field trip is scheduled for 8:30 AM on June 12<sup>th</sup> (2<sup>nd</sup> Wednesday) at Tilden Park at a location to be announced next month. If interested, please email Ted Robertson so you can be added to the monthly mailing list.

## Hiking Mark Curtis

It looks as though we are done with planning hikes based on atmospheric rivers until maybe December, 2024. This situation opens up all the EBRP, MDSP, and WCOSF trails. Most hikes will be planned for EBRP venues since these trails have a tendency to be in the easy to moderate category, which is appropriate for our group. I think that there are now about 45 names on my email distribution list.

Recent hikes have been to Hayward Regional Shoreline, MDSP Falls Loop trail, WCOSF Shell Ridge loop, Point Pinole, and Briones.

Poppy fields at Fossil Hill

If any of you have suggestions for any hikes that you have enjoyed, or would like me to include your ideas in planning, please let me know. We are always open to new venues. Also, spouses and guests are always welcome. Our canine friends will be allowed on leash if the hiking venue permits it.

If you have an interest in participating in this hiking activity, please let me know and I will add your email address to my distribution list.

## Cycling Group Larry Kaye

On March 25 while leading our SIR guys on a ride to the Tassajara Valley, I felt an attack of acid reflux. Stopping as I've done in the past to alleviate it, I suggested the guys keep riding and I'd catch up.

I turned around and somehow fell

over. The angels were with me as I took the tumble right next to where the Iron Horse trail crosses the street I was on. My Apple watch immediately sent a message to my wife and the rest is the miracle. Two guys walking at that moment on the trail right at the opening spotted me laying in the street. They rushed over and took my pulse. Nothing, I was dead. They began CPR and called 911. The EMTs were within a half mile at the firehouse. They arrived in 3 minutes. As we have found out, you have four minutes before your brain starts to die from lack of blood. The guys gave me CPR in the gutter as the EMTs arrived.

Off I went to San Ramon Regional.

The Apple watch's alert to my wife brought her to the spot after the EMTs had transported me to the hospital. They had paddled me three times and brought me back from death.

I spent two days at SRR and was transferred to John Muir's coronary unit in Concord. Still unconscious.

I awoke there and received my treatments. A defibrillator was implanted and after a week I was sent home.

The CPR from the two guys saved my life.

Last week I met one these guys. I thanked him for being my angel.

My point is: CPR saves lives. I have taken the class two times. It's important. We are all over the age of "not my problem". We all need to be ready to save a life when it pops up.

A class will be offered soon. It's free. Well worth the time. You too may become an angel.

Larry... No brain damage and no side effects. Speed counts. (Larry)

Tuesday, April 30: The Five Amigos started on their 30-mile ride from Bark Avenue in Alamo. Those individu-

als were: **Jim Nelson** (led and paced the ride), **Jim Rowland**, **Bill Ross** (Big Will), **Thom Degnan**, and last but not least, **Moose Kelly**.

The day was gorgeous with plenty of sun and mild temperatures as we headed South towards Livermore as if we were going to "School." The ride we did earlier in the month was called the "School" ride. We headed in

the exact same direction passing the turn off of Finley Road. The Cycling Amigos kept going South until the turn off for the Windemere climb. UGH!! We made the turn and downshifted our gears for the climb up this steady hill. Luckily, there is a "rest" stop roughly 80% up the hill that was welcomed by one and all. After a brief break, we continued our journey to the local Peet's shop. We renewed our spirits and stamina with cups of coffee and the occasional belly bomb. We mounted our trusty machines to continue the ride by Snake Park, then onto Camino Tassajara for the familiar route home. Well done on our 30 miler. **Larry** would have been proud of us all. ("**Moose**" **Kelly**)

Wednesday May 7: We had a great time together for a

bike ride from Nancy Boyd Park to the point of Benica. The ride was 25.5 miles and we had 948ft of climbing mostly from the route over and back on the Benicia Bridge. We had a brief stop for coffee in Benicia on the way back. Here is a picture of the five of us. Good weather conditions and a safe ride. (**Jim Rowland**).

Tuesday May 14: Bill Ross organized our ride yesterday in Orinda, and Scott and I, Thom Degnan, joined. Bill picked the "3 Bears" course and from my perspective the name is quite appropriate. I had not done the course before and it is only 19 miles long but the last seven miles have several hills with 7/8% and 8/9% grade and then the last little hill at the end hit 10/11% grade. The first hill was very long and the third was long and very steep. A great workout but I should note that Scott did quite well on the course and I thought he was going to take a second lap!! Thanks to Bill for organizing this challenging ride! (Thom Degnan)

Bob Ford

We have been having really good turnouts for our Thursday golf outings. Our group tees off at 9:30 am at the Diablo Hills Golf Course on every Thursday, except the second Thursday of the month when we go to the SIR luncheon. It is open to all, and you don't need to be a member of the NCGA or have a handicap to play. It takes us about two hours to play, then most of us also have lunch at the Greenery which is the restaurant at the course. On Fridays, I will send out an email asking who is coming for golf and if you plan to walk or ride. On Wednesdays I will send out an email with who signed up for Thursday morning. I hope to see you there!!

## AREA 16 Fishing Report

Dave Hurley, the owner, publisher, and editor of Western Outdoor News, was the speaker at our meeting on April 25. He provided us with a dismal outlook should the Delta Conveyance

Project (aka “the Tunnel”) and Sites Reservoir, both of which are endorsed by Governor Newsom, become a reality.

Estimated to cost between \$16 and \$40 billion dollars, the Tunnel will take water from the Sacramento River with two intakes near Hood to be transported by an underground tunnel to Bethany Reservoir on the California Aqueduct system. The tunnel will travel approximately 45 miles underground between 140 and 170 feet. It is 36 feet in diameter and 18 inches thick. Hurley asserted that the major beneficiary of the Tunnel will be large agricultural corporations that are substantial contributors to the political campaigns of the Governor and Central Valley legislators from both parties.

Sites Reservoir aims to capture large volumes of flood waters from major storms and store them as a buffer against drought. But Hurley argues that it will provide only a small water-supply benefit, increasing the state’s storage capacity by about 3.5%. Furthermore, it is a surface reservoir. He stated that water evaporation from surface reservoirs can result in significant water loss, an effect that will only worsen with California’s warming climate. Surface storage projects can also contribute to climate change by releasing methane, a potent greenhouse gas. Surface reservoirs can also impair water quality because the warmer water they impound can contribute to toxic algal blooms, which will also worsen with climate change. It will also reduce the flushing flows of the Sacramento River, keeping more water from passing through the Delta.

Hurley claimed that there is enough drinking water in the state—even during a drought—to serve the needs of all Californians, but that it is mismanaged with an “outsize” amount reserved for the corporate farms. He concluded his remarks by stating that dams and reservoirs are “high cost and low yield”—and thus extremely expensive relative to how much water they capture, with California ratepayers footing the bill even when little or no water is available. He thought that the solution to the alleged problem is storm water capture, which is best done locally, along with conservation, wastewater treatment, modern desalination and other

proven water-saving measures.

Trout from San Pablo Reservoir were caught by **Dave Havlik, Ray Pixton, George Vogt, and Carl Moyer. Dave, Carl, Brion Beetz, and Lee Clark** caught halibut and some stripers in the bay. Only **Carl Moyer** got out on the ocean for the opening of near shore rockfish. In four trips he landed rockfish, lingcod, and a bonus 20-pound halibut. **Stan Wong, Tom Kostik, and Phil Scimonelli** enjoyed successful striped bass trips in the delta.

We enjoyed our semi-annual fish fry at **Carl Moyer’s** home. The main course, as usual, was rockfish and lingcod bits caught by various members of our group and stored in **Carl’s** freezer, accompanied by garden salad, potato salad, and the ever delicious brownies baked by

**Carl’s wife, Marcia.**

Our activities and hopefully our catch will increase in the coming weeks. By the time you read this, we should have completed our semi-annual three-day excursion to Lake Almanor. We have also scheduled a five day long range trip to Mexico for big tuna and yellowtail departing from San Diego, three days on Melones Reservation for kokanee and trout, two days at Pyramid Lake in Nevada for cutthroat trout, and possibly a two day salmon outing in August on the Rogue River in Oregon. All of this is in addition to our daily excursions for trout in the local reservoirs, bass on the Delta, halibut in the bay, and rockfish and lingcod in the ocean.

Our next two meetings will be on May 23 and June 27 at the Legends Bar and Grill, at Diablo Creek Golf Course, 4050 Port Chicago Highway, in Concord. The meetings begin at 8:30 am but come earlier for breakfast (beginning at 7 am) for camaraderie and fish stories.

## Wine Tasting

Brian McCarthy

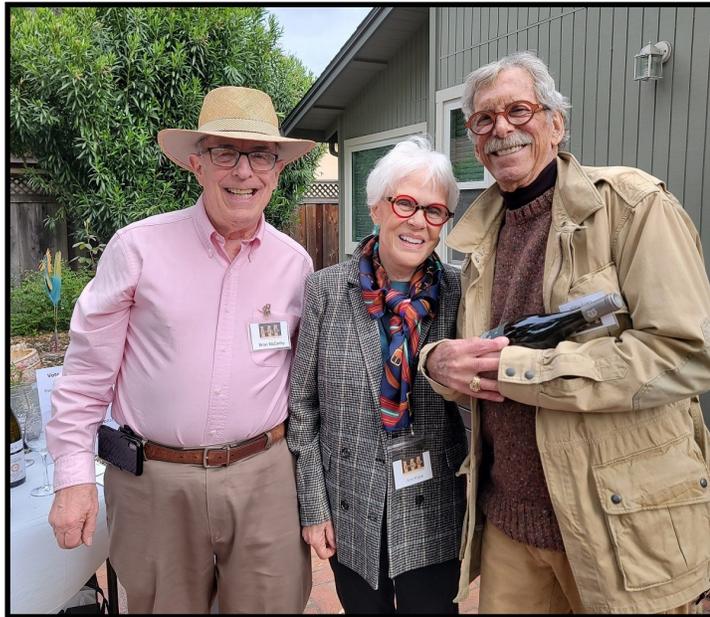

The second wine tasting of 2024 was held at the beautiful home of **Steve and Nancy Schlossberg** on April 23. It was a lovely day, perfect for the wine enthusiasts to mix and mingle around the patio, gazebo, and the pool area. We tasted Rhone red blends and French white burgundy/chardonnays. Add in delicious appetizers and desserts and it was a perfect day! **Larry and Ann Kaye** won for favorite white and **Steve and Nancy Schlossberg** won for favorite red.

The next wine tasting is scheduled for Tuesday, July 23, at the home of **Bob and Wendy Lucido**. Mark your calendars. Details to come in the June/July SIRCall. **Bill Holly** and I look forward to seeing you then.

## Book Group John Pearl

The SIR 146 Book Group met in April and discussed our book of the month, *The Showman*, by Simon Shuster. This is the story of Volodymyr Zelensky, the current President of the embattled country of Ukraine. It starts in his early life, and ends as the Russian troops begin their invasion. Zelensky is a minority in his own country. Not only is he Jewish, he is also Russian, and Russian is his first language.

We meet him, as the author did, at a performance in a very large theater in Kyiv. It would be his last big performance before the election moved him to his current office. He would give up his financially successful life as an actor, producer, and comedian, and drift further from the people he loved, including his wife, his friends, and the business of stage performer they had built together. He intended to remain the person his experience had created, playing the role of President. He intended to save the country from the previous leaders, calling them a bunch of pranksters and hooligans.

The book travels through Zelensky's life as President of Ukraine and world traveler, much of which has been on display, as he travels about the world representing his country and asking for help and resources, making his case to whomever would listen. Much of this has been on public display in various forms of media. We have seen him in his ubiquitous t-shirt "uniform". A good reason to read this book is to see the more human side of his life and recent work, including how he protects his young family from harm, and how he interacts with his cabinet and armed forces, and the individual soldiers and leaders.

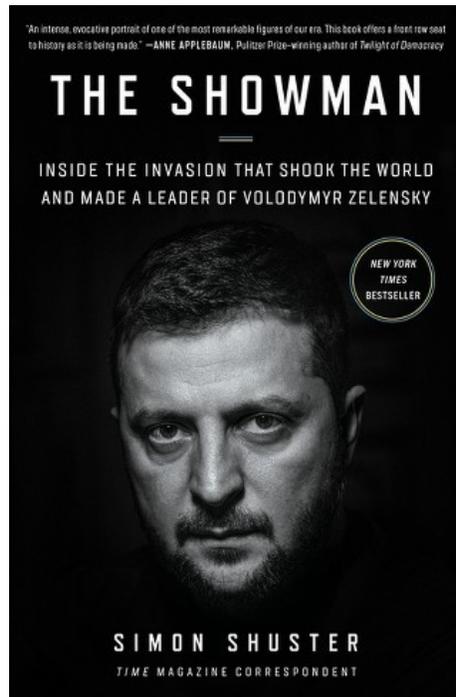

The author, who spent part of his youth in San Francisco, had amazing access. He is half Ukrainian (his father is Russian) and he spoke Russian, as did Zelensky. He has reported on Ukraine for *Time* since 2009. This has been happening for longer than we might remember, going back to the Trump administration. As the invasion grew imminent, the author spent ever more time

in Ukraine. He watches as Zelensky changes from a man who refuses to believe that Russia will invade into a wartime president unique to our age of instant information. Years as a showman pays off in today's hyper connected world where information flows in real time and Zelensky understands the power of the internet and social media.

Part of the author's access included being pretty much able to freely roam the halls (and basements) of the capitol itself, talk to any and all that would spare him the time, and accompany the president on trips to the front. He saw the president in action every day. It is a fascinating story of how a showman becomes a politician and the leader of a country at war and appearing on the world stage.

We are strongly recommending this book, and hope this report will encourage you take up the book and learn much more about Volodymyr Zelensky.

Our next meeting will be at 9 am on May 28 at the Panera Restaurant in the Countryside Shopping Center. We will be reviewing *Rules of Civility*, the first book written by Amor Towles, author of *A Gentleman in Moscow*, one of our favorite reads.

## Book Corner Peter Plante

The Book Corner for the Ladies Day Luncheon was an outstanding success. Thank you to everyone who participated. The next Book Corner will be in July.

## Cooking II Steve Ybarra

The Cooking II group met at the home of **Steve Ybarra** for their May luncheon. **Steve** greeted the wine bearing guests with appetizers of sopressa, prosciutto and coppa salami as well as three types of cheeses and crackers. After a glass or two of wine the group then discussed many local, national and world topics. Although most topics discussed had varied views the group remained quite civil. The main entree was barbecued ham, baked beans, corn bread and a broccoli-mushroom salad. For dessert, boysenberry pie a la mode was enjoyed by all. We will meet next month for lunch on June 10. **Bruce Borgman** will be hosting at a restaurant of his choosing.

## Cooking Lunch and Wine Pete Gates

Seven members of the "LAW" Group met at the home of **Pete and Ann Gates** for their May Luncheon. The group convened in **Pete's** patio for appetizers and a nice selection of wines provided by the members. Appetizers consist-

ed of mixed nuts, a variety of cheeses, and a spinach-artichoke dip with crackers. The weather cooperated and we enjoyed a relaxing environment for conversation and imbibing.

Lunch was penne pasta with line-caught, home-smoked salmon, served with Alfredo sauce. Sides were a chopped Caesar salad and sourdough French bread. Dessert was a butterscotch-brownie served with ice cream and butterscotch topping.

Meanwhile, **Ann** had arranged for the Ladies to meet for an enjoyable lunch at the "Cooperage Grill" in Walnut Creek.

Theater: 37417 Niles Boulevard, Fremont CA

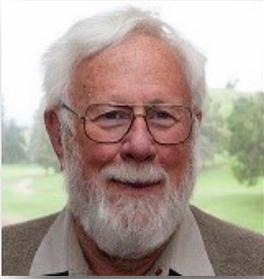

The first person to exhibit regular movie shows in Niles was Charles Esselstyne, under the name The Edison Moving Picture Company, in 1912. Called the Edison Theater, it opened on November 4, 1913, with a program of five reels of film and illustrated songs performed by Mr. and Mrs. George Wellington of San Francisco. The theater was licensed by the Motion Picture Patents Company to show films from its members, which included the Essanay Film Manufacturing Company. On April 29<sup>th</sup> 1914 with a one week old Essanay film, *Broncho Billy Treacherous Pal*, a two-reel Pathe film, *The Frozen Trail*, and a Keystone comedy was a hit production. Essanay personnel, including movie icon Charlie Chaplin, made films with these studios and watched his films in this theater until the Essanay studio closed in 1916.

In July for our regular bi-monthly meeting we will visit Hakashi in Walnut Creek. If you want to join us there contact me now about signing up.

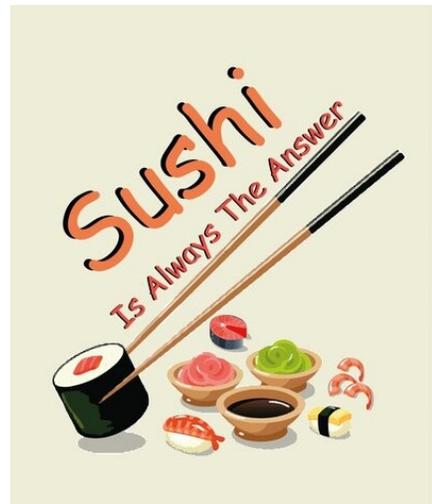

In other Sushi news: June 18th is **International Sushi Day!** How many other SIR activities have their own international day of recognition?

With this year's schedule of our bi-month meetings we normally would not be gathering in June but who can pass up an opportunity like this; enjoying a little sushi with people around the world! So... I'm planning on celebrating the day by going to Fuji, the "all you can eat" sushi restaurant in Concord that we visited several months ago and celebrating this international day recognizing my favorite food! This is not one of our regular meetings but members of the group have already been invited to join the celebration. It is open to anyone/everyone so bring a spouse, significant other, friend! ## Couples Dining Out Bruce Borgman

We are pleased to announce that we have made the arrangements for dining at Fiore, in Concord for our May Couples Dining Out event. It will be on Tuesday, May 21<sup>st</sup>. We will follow our usual protocol with our social time at 5:30pm with the dinner to follow at 6:15pm.

You will recall that we had our January event at Luna, where we had such a good response that we wound up doing the dinner over two evenings. Chef Habib Jacifi also manages Fiore and encouraged us to have our Dining Out event there in May. The cuisine at Fiore is described as Italian Fusion with Mediterranean Influences and the menu does present the diner with many traditional dishes. But, since Chef Habib's roots are in Morocco, we decided to offer you an opportunity to try this more unique cuisine. We will start with a customer favorite - an olive pesto dip. Since Habib's other specialty is his excellent soups, we will offer the choice of either a classic Caesar salad, or his choice for "Soup du Jour". For the entrée, you may choose one of four,

an excellent homemade Lasagna, or the Gamberi Fiore tiger shrimp in a creamy dill sauce. Or you may choose one of the two Moroccan specialties. Either the Moroccan chicken or the Moroccan Beef Tagine is sure to surprise your taste buds with the amazing flavors thanks to the earthy and exotic spices. For dessert we will have a raspberry cheesecake.

The total cost of the dinner will be \$55, including tax and gratuity.

The restaurant is small so we will likely limit the total attendance to about 45. The wine list lists most wine from \$9 to about \$14, but we have asked to have a wine for \$8 available as well. Corkage will be \$20. Parking is convenient in the shopping area where the

restaurant is located.

We will no doubt sell out quickly so you will want to send me an email quickly to reserve your spot and confirm with a check made out to branch 146 and send to me as noted in the attached flyer.

If you are not on our mailing list to get firsthand information about our events, send me an email to be added - [bgborgman@aol.com](mailto:bgborgman@aol.com).

We played with only 6 players, that being 2 men against 4 ladies and the men were up to the task. Coming in 1<sup>st</sup> Place with a great net score was Judy Richmond. Sharon Varner played steady all afternoon and to her own surprise, stayed within close pursuit to come in 2<sup>nd</sup> Place. The rest of us fought for last place. At the end, the ladies

outperformed the men. We said our goodbyes, boarded our cars and followed the Sun home.

On May 16<sup>th</sup>, our evening hosts were **Judy** and **Jim Baldrige**. We started the

evening with refreshments on the patio in their beautiful garden and at the end of our games, stood and admired a dazzling lighting display around their pool.

The return of **Joan** and **Dave Pierce** had a noticeable effect, especially **Dave Pierce** who achieved a low score of 58 over seven games claiming first place. It took a score of twice that by **Jim Baldrige** to claim second place. **Judy Baldrige** saved the Ladies' honor by taking third place.

**Dave Pierce** was on fire! We suspect that during his

absence he studied to enhance his memory skills or was it the large glass (or two) of red wine that removed all his inhibitions? It was an astonishing display to be proud of.

During the interval, **Judy** and **Jim Baldrige** served a delicious variety of cheesecake slices, which seemed to instantly vanish on the men's table! Napkins were returned unused!!!

Everyone went home feeling very content after thanking their hosts for a memorable evening,

Our next gathering will be on June 20<sup>th</sup>, hosted by **Joan** and **Dave Pierce**. Watch out **Dave**, we will be out to challenge your record.

## Mexican Train Dominoes "Seis" Steve Lane

MTD 6 met at **Brian** and **Mary McCarthy's** beautiful home on April 24, for a night of domino play. Thank you, **Brian**, and

**Mary**, for hosting.

After some tepid play, **Mary McCarthy** brought out some "lucky" trolls. The lucky trolls' players won - nothing - the trolls were on strike!!

With two tables in play - **Moose Kelly**, **Carol Lane**, **Brian McCarthy**, **Bruce Borgman**, **Virginia Tygart** and **Martha Plante** at table one, and **John Kendrick**, **Kathe Mitchell**, **Mary McCarthy**, **Steve Lane**, **Richard Hockenbrock**, and **Peter Plante** at table two, the winners were the esteemed **Bruce Borgman** as number one (13.0)- trolls must have been involved with that score, **Kathe Mitchell** (16.4) and **Virginia Tygart** (19.2). As for the losers circle - SL and JK were their initials- the have requested not to be identified!!

We look forward to our next get together on May 22, at the home of **Martha** and **Peter Plante**.

### Bob Lucido The Boring Report

Ah, poor **Bob Lucido**, trapped in the labyrinth of his mind, desperately

seeking the golden fleece of creativity amidst a sea of tangled thoughts. Armed with a keyboard and a can-do attitude, he embarked on a quest to transform the mundane into the magnificent, only to find himself staring blankly at the screen like a deer caught in the headlights of writer's block.

In the heart of suburbia, nestled between the picket fences and the well-manicured lawns, **Bob** and **Wendy Lucido** dared to host the monthly Mexican Train domino extravaganza. Their home became a battleground of strategic tile placements and fierce competition on April 10th.

**Bob and Wendy Lucido**, the brave souls who opened their home to the chaos of dominoes, deserve medals of honor for their hospitality. However, their refreshments fell victim to the ravenous appetites of certain unnamed individuals who treated the snacks like they were the last buffet on Earth.

And oh, the wine! It flowed like a river in flood season, leaving poor **Bob** with nothing but a collection of empty bottles and a bewildered expression reminiscent of a lost tourist in a foreign land.

In a plot twist worthy of a mediocre sitcom, **Mary**

McCarthy emerged victorious, her triumph untainted by accusations of cheating (unlike certain sore losers who shall remain nameless). **Bob West**, the underdog of the story, snagged second place. And rounding off the winners' podium was **Dale Dalgaard**, whose victory dance may or may not have involved a victory lap around the table.

And there you have it, folks, a tale of triumph and tragedy, of snacks devoured and wine spilled, all in the name of Mexican Train domino glory. But fear not, for **Bob's** quest for creativity shall continue, fueled by caffeine and sheer stubbornness, until he once again reigns supreme over the kingdom of wit and whimsy.

April 10th MTD 7 winners (L to R): Mary McCarthy 1st, Bob West 2nd, Dale Dalgaard 3rd.

I've reached an age where my train of thought often leaves the station without me.

## Mexican Train Dominoes "Ocho" Richard Hockenbrock

MTD 8 had to call on a large number of substitute players to fill in for our regular players who were away on vacation.

Nevertheless, it was from the performance of our regular players who were in the money for the night. **Sue Loftin** came in first place. **Virginia Tygart** placed second and **Jim Barry** was in third place.

The two players with the highest average score was **Steve Dinning** and **Steve Ybarra**.

Our next game will be played on Wednesday, June 5th.

Now wasn't that boring?

We played at **Steve Ybarra's** home in May as he was unable to host our April game. Seven players enjoyed the day, the wine, and snacks. **Steve** and **Rich Ahlf** ended the game within about a dollar of each other as winners for the game.

Without question, the hand of the game was won by **Rich**. The game called was five card draw with deuces wild. **Rich** was dealt two aces and two deuces giving him 4 aces. He drew one card after the first round of betting and the poker gods delivered another deuce for a winning hand of 5 aces!

**Rich** will host our June game starting at noon on the first Thursday of the month.

## Men's Duplicate Bridge 2 Dick DeVoe

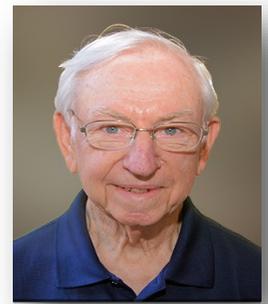

Our Duplicate Bridge 2 Event on Friday, May 3 with four tables and 16 players was nicely hosted by **Ed Marlovits**.

1st Place overall was hotly contested by five (5!) players- with 0.5 pts. separating 1st from 2nd, and 0.5 pts. separating 2nd from 3rd. Wow! **Mike Whitaker** won 1st Place overall by taking the 1st half, losing his mojo in the 2nd half, but still hanging on to win all the marbles.

**Jim Pope** took 2nd Place overall by capturing 2nd in the 1st half, scoring respectably in the 2nd half, and just barely holding off three others below.

There was a 3-way tie for 3rd Place: **Bob Yolland**, **Dave Steinberg**, and **Ray Spears**. **Bob** and **Dave** scored consistently throughout, while **Ray** made a HUGE comeback from 13th Place in the 1st half to a highest-of-both-half's score in the 2nd half.

## Couples Duplicate Bridge 2

### Dave Pierce

We were graciously hosted by **Ken and Elaine Richter** on May 14th. I noticed that the delicious dip they provided was entirely cleaned out by the end of the evening.

Only one slam was bid, when E-W had eleven spades between them. Regrettably, it only made five. There were several more spectacular failures, down four or five. Your correspondent put his partner in an impossible 3 NT contract that went down five. Other sufferers shall remain anonymous. Fortunately, going down five is typically not worse than going down one or two, in our duplicate.

At the end of the evening, **Dick and Christy DeVoe** were third (53%), **Tony and Cindy Greco** were second (60%), and **Dave and Joan Pierce** were first by only half a matchpoint (61%).

## Couples Party Bridge

### Tony Greco

**Brad and Lynne Hatcher** hosted our May 7th event. For this event **Rich Ahlf** and **Ismini MacLean** subbed for the **Browns** and **Steve and Sue Loftin** subbed for the **Chaffees**. We played with new cards graciously donated by a SIR Men's duplicate group. Unfortunately, the cards weren't broken in properly and didn't align with good fortune.

The final scores for the top finishers were the lowest since December 2022. However, slam opportunities seemed to have been missed. One couple bid 4 spades making 6 in round 3 and bid 3 spades making 6 in round 5. Another couple bid 3 no trump in round 5 making 7. Maybe the low scoring issue was the players and not the cards. Just saying.

The bright side of the event was the abundance of socializing.

The official results are as follows:

- 1st PLACE with 2970 points - **Rich Ahlf** and **Ismini MacLean**
- 2nd PLACE with 2200 points - **Brad and Lynne Hatcher**
- 3rd PLACE with 1980 points - **John and Kathy Kluesener**

Our next event will be held on **June 4th** and hosted by **Dick and Maggie Chaffee**.
