

## Big Sir's Notes

Terry Marchione

### Honor Our Veterans

As is our custom, we will honor those who have served our country in one of the branches of the armed services. Our veteran's chair, **Charlie Koeber**, has

arranged a special program. Check the Little Sir's column [page 2] for more details.

### Dues

As we announced previously, your dues (\$15) are due and payable. I would like to thank those who have already taken care of this obligation and urge those who have not to bring their check to the November lunch or mail it to our treasurer, **Chuck Campbell**. Chuck's address can be found in the branch directory which is available on the website.

### Clubhouse Renovation

The branch received some good news regarding the renovation of the Boundary Oak clubhouse. The Walnut Creek city council has approved a revised plan which will enable us to stay at Boundary Oak through 2014. Little Sir **Doug Eisner** has more details in his column. **Doug** and his team will be negotiating the 2014 contract with CourseCo very soon.

### Member Survey

The member survey is underway and we are looking forward to the results. **Ben Gleason** and his team will report at the November BEC meeting. Those results will be shared with you soon thereafter. If those of you who have been selected to participate have not yet responded, you will be receiving a follow-up phone call.

### December Luncheon

Just a reminder that December is our Ladies Day luncheon. **Steve Dawkins** has arranged for a great meal [Page 12] and **Doug Eisner** has lined up appropriate entertainment.

The November luncheon will feature our annual remembrance ceremony

led by

Lt. Col Chris Taddeo

**Jonathan Korfhage**, as always, there to welcome branch 146 Sirs to the October luncheon. **Jonathan** is reported to have said, in what may have been the ultimate in political correctness, "its hotter than heck out here".

## Little Sir's Corner

Doug Eisner

We have very good news concerning the impact on us of the renovation of the Clubhouse at Boundary Oak! Read on...

Barry Slavin, the City of Walnut Creek liaison with CourseCo for the Clubhouse renovation, met with the BEC on Oct 10. Barry summarized the renovation plans for us and cautioned that these plans are tentative until approved by the Walnut Creek City Council. He said that approval is expected at the Council's meeting on Tuesday, Oct 15. Here's a summary of the renovation plans:

- 1) The renovation will be conducted over a 3 yr. period to minimize the disruption to existing business and to reduce costs. Barry noted that the City was mindful of our monthly luncheons and planned to work around them as much as possible.

- 2) There will be no impact on us until about Jan - May, 2016 when work on the upper floor is expected to begin.

- 3) The plan calls for work to start in Jan 2015 not Nov 2014 as we originally believed in order to not interfere with the Christmas business. Work at that time will concentrate on HVAC and the exterior.

- 4) Barry expects contractors to submit proposed timelines to the City in early 2014. He will share those timelines with us at that time.

The good news here is that our luncheon meetings will remain at the Clubhouse at Boundary Oak throughout 2014 and we will not be moving in Oct 2014 to the Concord Hilton Hotel!

Stay tuned to this space for updates as they occur... BN 140 contact Baja Zarah to claim your free lunch.

Our November speaker will be Lt Col Chris Taddeo. Lt C Taddeo hails from western PA and is a life-long Pittsburg Steeler fan. He graduated from Indiana Univ of PA and was commissioned a Second Lieutenant in the Army Signal Corp in 1983. He has served in numerous posts throughout the US and in Turkey and S Korea. In 2000 he became

Professor of Military Science at Cal State University at Fullerton, retired from active duty in 2006 and became active in Junior ROTC at that time. He is currently Senior Army Instructor at Mt Diablo High School in Concord.

## Couples Party Bridge

Dave Pierce

**George and Pam**

**Rammell** hosted all the regulars on October 2<sup>nd</sup>. It was so good to see everyone again, and catch up on past and future travels,

while sampling a variety of delicious snacks and vintages from Castello di Rammell. For once lots of games were bid and made, but **Dick and Christy** (3120) bid and made a slam on the last round to edge out **John and Linda Boyan** (3100) for third place. Big Sir **Terry and Sharon Marchione** (3550) took second and **Dave and Joan Pierce** (3740) were first. Tasty desserts featuring oatmeal cookies ended a wonderful evening.

## Couples Duplicate Bridge 2

Jim Adams

**Dick and Christy DeVoe**

hosted October 9's 3-table event. The group was kind to the hosts, allowing them to win big. They attribute the victory to over-bidding at times by losing less points than their opponents would have won. Hmm. Sounds good if it works...

**Bob and Janet Yolland** slipped past **Ken and Elaine Richter** for 2nd and 3rd respectively. **Terry and Sharon Marchione** are hosting next month, when everyone can try out their latest sure-to-win conventions.

## Party Bridge

Fred Bolton

*1st Monday at 10 am at various members' homes. Contact Fred Bolton for details. Bring a lunch.*

We played three tables of bridge at the home of **Doug Eisner** on Oct. 7. First place went to **Carl**

**Johnson** with 7310 points, second to **Jim Jackson** with 5740 points, and third to **Bill Snyder** with 5200 points. Our next game will be at the home of **Jim Brown** on Nov.4.

## Couples Duplicate Bridge

Lo McCarley

Eight couples had a great time playing duplicate bridge on October 16th at **Lynn and Dasha Freeman's** home.

Everyone enjoyed playing bridge and also enjoyed **Dasha's** snacks and **Lynn's** wines. The group thanked **Bob Donahue** and **Daphne Merritt** for subbing. **Jim and Allison Todhunter** were missed. As for the bridge results, **Lynn and Dasha Freeman** came in first with 36 points. **Margot Somerville** and **Daphne Merritt** with 35 points came in second. In third place with 34 points were **Lo and Sue McCarley**. **Bob and Janet Yolland** came in fourth with 33 points. **Carl and Anne Johnson** will host the next couples duplicate bridge on November 20th.

## GOLF

Ray Weisz

Golf is one of our most popular activities with over 100 registered golfers. We are fortunate to have a large assortment of venues and formats:

We play Tuesdays at Boundary Oak.

Players are randomly paired and starting tee times are emailed to each player.

In addition to regular stroke play, we have many Tuesday tournaments specifically set up for our players.

There is a 9-hole group that plays at Diablo Hills. They play every Thursday except the second Thursday of the month, which is the luncheon date. For those with golf playing partners, there is Couples Golf offered on the 4<sup>th</sup> Wednesday of the month, April through October.

Like playing other courses? On the first Thursday of each month (From May through October) we offer Away Golf. Do you enjoy competing against other SIR players from different branches? We have several different formats throughout the year.

Since we have so much going on, we have found it necessary to publish a weekly golf email (GEM) outlining upcoming events and results from past events.

All of our golfers should be receiving GEMs. If you would like to be added to the distribution list (non-golfers are welcome too), please let us know by emailing your request to [sir146golf@gmail.com](mailto:sir146golf@gmail.com).

## Couples Golf

John Harrington

The SIR's Couples Golf group had great fun and great weather for their September outing at Lone Tree Golf Course! The

game played was "Best Net Nine/Secret Partner" where you don't know who your partner is until after you

have played. It was very competitive but the lucky winning couple was **Ray Weisz** and

**Don Rhoads**! Prizes were also given to **Ray & Don** for closest to the pin. Other prizes were given to **Ron Plachy** for fewest putts, **Rich**

**Hanford** for most lost balls, and **Carla Thompson** for having the closest birth-

day! Everyone received discount coupons from Golfsmith and all who did not receive a prize were awarded two practically new Titleist golf balls! The group celebrated with libations and an included lunch. Thanks to **Jonathan Korfhage** for coordinating the event.

## SIR 146 Niners Golf

Vern Laursen

SIR 146 Niner's Golf is played every Thursday except on SIR meeting days at Diablo Hills Golf Course. Sign-in is required by 9:15 and those desiring to play must inform the coordinator if they want to ride (\$25) or walk (\$15). First tee time is 9:30 and the last group finishes about noon. Some players stay for lunch at the reserved table. Contact me to join or for more info.

## SAVE THE DATES

## Book Corner

Ken Richter

The Book Corner will open again at the November SIR Luncheon. This will be the last time this year and will complete three years of the Book Corner's existence. A large

number of books have made their way to SIR homes over the years. As you finish reading the books, let's get them back to the Book Corner for other Sirs' enjoyment.

## Fishing Report

Paul Dubow

**Joe Miscione** did very well this month, catching limits of striped bass during several trips to Montezuma Slough near Fairfield. The salmon season has wound down but not in time for a trip to the Sacramento River near Chico by **Pete Gates**, **Tom Boltz**, and **Paul Dubow** of Branch 146, along with **Jack Waddell**, **Barry Rauchle**, and **Karl Droese**. The group caught seven salmon, all over 20 pounds. **Tom** did most of the heavy lifting and his 28 pounder was the largest fish of the catch. **Steve Paulick** also made a trip to the Sacramento and landed one salmon.

**Mike Corker** and **Carl Moyer** fished for sturgeon in Suisun Bay at Pittsburg. **Mike** caught and released a seven foot sturgeon. **Mike** reports that it was not only the biggest sturgeon that he ever caught but that it was the biggest fish that he had ever seen. Later, **Carl Moyer**, **Terry Miller**, and **Tom Boltz** fished in the same spot but only caught undersized sturgeon (less than 46 inches long) and one striper.

On other fronts, **Harry Sherinian**, **George Vogt**, and **Carl Moyer** had a successful outing in the ocean fishing for rockfish. **Bill Landers** fought the wind in the Delta but did manage to land a few black bass. **Carl Moyer** and his granddaughter fished in a trout tournament at San Pablo Reservoir, but won nothing. However, the recent cold weather bodes well for an earlier trout season and we are looking forward to it.

Our next meeting will be Thursday, November 21, at the Legends Sports Bar and Grill at the Diablo Creek Golf Course at 4050 Port Chicago Highway in Concord. The meeting starts at 8:30 am, but come earlier and join us for breakfast. For further information, contact Big Fish **Pete Gates** (925-937-2035), secretary treasurer **Tom Boltz** (925-825-5695), or branch fishing chair **Paul Dubow** (415-495-6504).

## Luncheon Attendance

Baha Zarah

Members attending were 199 in addition to 4 new members plus one guest and a speaker for a total of 205.

The Branch was honored to host SIR president

**Rich Dettmer** who presented Sir **Dick DeVoe** with an Honorary Life Membership for Dick's outstanding work for the Branch.

The speaker was Mr. Victor Gauthier from the PA office of Caltrans. He discussed some of the design features of the new eastern span of the SF Bay Bridge. Most interesting was the design of the seismic protection devices that would maintain the bridge's integrity during a severe quake.

The Nov speaker will be Lt Col Taddeo, the ROTC coordinator for the Mt Diablo School District. He will be accompanied by an honor guard of 5 Junior ROTC students.

Their presence should be exciting to all.

## Cooking II

Bob Yolland

On Monday October 14th Cooking II enjoyed a great lunch at **John and Char Demos'** home. **John** started us off in the Greek fashion with a little Ouzo, some cheese and crackers plus several types of nuts. This was followed with a great hot spinach and cheese combination wrapped in filo dough. Our main dish was a wonderful Greek Salad with Kalamata Olives accompanied by Greek meat balls which are small, very tasty ground beef patties with spices. Of course we had plenty of good conversation and wine. The meal was finished off with a baklava sweet dessert. Thanks **John** for a very fine lunch. Next month we will be at **Dennis and Ann Hallet's** home on Monday November 11th.

*I went to buy some camouflage trousers the other day, but I couldn't find any.*

## Mac User Group (MUG)

We will continue to meet the first Monday of the month at the Thurman Casey Library on Oak Grove.

We are there to help you with your Mac software. (Apple does not have hardware problems.) In the next several meetings we will be looking at the new IOS 7 for the iPads and the iPhone. Before the end of the year we will have installed the new operating system (Maverick) and we will be covering it's new features.

If there are any PC users who have an iPhone and need help, you are welcome to come.

One of the nice things to look forward to this time of year is enjoying all the trees changing color. Even though Northern California is not noted for leaf peeping we still get our share of color. So why do leaves change color? The basic answer is as the days get shorter a signal is sent to the trees to start getting ready for winter. This means the trees need to store all their energy from their leaves before they drop off. Chlorophyll is what gives leaves the green color. Water along with abundant sunlight and CO2 produces oxygen and glucose and plants use the glucose for food and energy which enables them to grow. As the days get shorter, less food is produced and the chlorophyll begins to disappear and we begin to see other colors. The beautiful colors of yellow, red, orange and brown are caused by carotenoid and anthocyanin which are pigments that dominate the leaf color as the chlorophyll decreases. Like my chrysanthemums, that know to bloom when the days get shorter, trees know to get ready for winter as less light is available to produce chlorophyll.

## Member Relations

Ben Gleason

Many thanks to all who responded to our 2013 Branch 146 Survey. The Survey Committee and the BEC will review the results and make recommendations to address any issues that we may identify. Our goal is continuous improvement of the SIR experience for current and future members.

## Area 2 \$ums Investment Group

Allen Espenmiller

The Area 2 \$ums Investment Group will meet on Wednesday November 20, 2013 8:00 AM at the Diablo Creek Golf course, 4050 Port Chicago Highway in Concord.

Note: We usually have our meeting on the 4th Wednesday of each month but this year that date would fall on the day before Thanksgiving, so to avoid the holiday we are meeting on the 3rd Wednesday, the 20th. No meeting in December.

We will not feature a speaker for this meeting. Instead your chairmen will host a members only review and future planning seminar for all to discuss what types of subjects you would like to have for the 2014 year. So put your thinking caps on and bring forth your ideas for our future meetings. If any of you have a particular good investment story about how well your investments may have done in 2013, please let us know if you would like to share this news with your colleagues. The Legends restaurant opens at 7:00 AM so plan to have a leisurely breakfast along with your fellow members. I am going to try to bring my wife's famous Aunt Mary's coffee cake to have with your coffee afterwards. Let's have a large turnout so we get many suggestions that can further enhance the quality of subjects covered.

The show debuted on Broadway in 1994, and earned a Tony nomination for Best Musical. It's a perfect lead up to the holidays.

A limited number of reserved seats have been set aside for SIR 146 members and guests for the December 4 performance at 7:30 p.m. at the Leshner Arts Center in downtown Walnut Creek. Tickets are \$40 each, and may be reserved by sending a check, payable to SIR 146, to Sir Gary Schaub, 1758 Candelero Court, Walnut Creek 94598. Questions? Call (925) 938-5454.

UNIVERSITY OF CALIFORNIA

*The following was copied with permission from the Berkeley Wellness Alerts....ed*

Countless studies have shown that people who are physically fit, at any age, have a reduced risk of most chronic diseases and improved quality of life. A growing body of research is extending the time frame and finding that being fit in middle age can have a big payoff even two or three decades later. Some of the best evidence for this, including the two recent studies discussed below, comes from the Cooper Institute in Dallas, which has a large database on patients who have gone to its preventive medicine clinic since 1970.

**Chronic illnesses.** In a study published in the *Archives of Internal Medicine* in September, researchers analyzed data from more than 18,000 healthy people whose baseline cardiorespiratory fitness level was assessed via a treadmill test when they were in their forties or fifties. By examining Medicare claims, they found that subjects who were most fit initially were much less likely to develop cardiovascular disease, Alzheimer's, diabetes, kidney disease, colon or lung cancer and other chronic illnesses during the next 20 to 30 years, compared to their less-fit counterparts. Moreover, the fittest people tended to experience a "compression of morbidity" at the end of their lives, meaning that illness was delayed and then compressed into a shorter period before death. That is, even when they didn't live longer, they had more healthy years.

**Dementia.** More recently, in a study published in the *Annals of Internal Medicine*, the same researchers focused on dementia, including Alzheimer's disease. People who were fittest in mid-life were found to be one-third less likely to develop

and encouragement during his illness. A  
friendly call is always welcomed.

## Poker Club 4

Chuck Bobinecz

The October game will be at the home of Sir **Chuck Bobinecz** at the usual time.

The host will be Sir **Pete Gates**. In the future, games will be held at the home of Sir **Chuck Bobinecz** but will be hosted by the mem-

bers in turn. For those that can't attend and get a chance to get your money back, please call your host a week before the game so that he can arrange a sub. Our Nov. game will be hosted by Sir **Chuck Bobinecz**.

## SongSirs

Bruce Borgman

The SongSirs were well received at their performance on October 3 for the "VIP" Senior group of the Walnut Creek Presbyterian Church. We sang our repertoire of fall "September" songs, supplemented by a few solos of our particularly gifted members such as **Corrie Oranje**, **Lynn Shafer** and **Jim Bogue** and piano interludes of our fine pianist **Dave Obera**. Judging by the standing ovation, we did a good job.

In October we started to rehearse our Christmas songs, which were selected by **Don Tubb**. They include some favorites, such as Silver Bells, White Christmas, Silent Night and I'll be Home for Christmas, as well as some lesser known carols such as "I Heard the Bells on Christmas Day". **Don Tubb** is deciding where we will perform as we polish these new songs.

We were pleased to welcome a new member, **Jack Patton**, and we encourage others of our SIR branch who might have an interest in singing to come to one of our rehearsals, or contact our able director **Pete Miller** or **Don Tubb**.

## Duplicate Bridge 2

Dick DeVoe

Many thanks to **Jim Brown** for hosting the Oct. 4 event!

**Bob Yolland** squeaked out a

1st place win over 2nd place

**Terry Marchione**, 29.5 to 29.

**Sid Landman** took 3rd by just beating out 4th place

**Brad Hatcher**, 27.5 to 27. Nobody from last time took any of the 1st 3 places this time, which is becoming a relatively consistent pattern. Interesting tidbit... One of the group had the absolute lowest halftime score and greatest point spread ever between 1st and 2nd half (4.5 vs. 15.0 pts =10.5 pts. difference!). He attributes the earlier poor performance to global warming, whatever that means.

At the Duplicate Bridge 2 gathering, **Doug Eisner** (L) double checks the score sheet while 3rd place **Sid Landman** congratulates **Bob Yolland** for taking the pot.

## Table Pool

Bill Weinberg

*1st and 3rd Monday at 11:30 am. (at Masse's 2721 N. Main, Walnut Creek)*

We usually have three or four pool games going when we meet on the 1st & 3rd Mondays at

1:30am at Masse's 2721 North Main in Walnut Creek. The cost is \$5 for as long as you want to play. We also have SIR members from other branches joining us and we usually play about 2 hours, but not everyone stays for the final curtain. Haven't played in years? Come join us. All Sirs in our Area 2 are welcome.

## Poker Club 1

Frank McNamee

Poker Club #1 met on October 9th at the home of **Bob White** and he proved to be a most congenial host in more ways than one. He not only provided some good liquid refreshments and tasty snacks but he also provided most of the money to the happy winners. They were, in order, **Frank McNamee, Bill Cammerer** and **John Lewis**. Our next meeting will be November 13th at the Frank McNamee residence.

## Old Money Poker Group 6

Al Twyford

Old Money Poker Group 6 had its second game at **Frank Lucas'** house in Pleasant Hill on Wed. afternoon 10-9. **Frank** had

plenty of snacks and wine for group members. We had 8 members attending and have decided that we can play poker with all eight. **Rich Ahlf** our alternate is now a full time player. We have a new alternate **John Gray** from Clayton. **John** was just inducted into SIR at our last lunch meeting. We now play with 8 people by using our discards when necessary. This seemed to work great. Well, **Al** was the big loser this time, after being the big winner the first game. **Al** is dead even now. He joins **Frank** as dead even after two games. **Norm Baietti** and **Bob Larson** are back from their Africa/Kenya trip and played for the first time with our new poker group. They related stories from their exciting trip, and fortunately they were not at the Mall in Nairobi during the terrorist takeover of the mall. Winners for our last game were pretty evenly divided among the other seven members( except **Al**). After the game **Frank Lucas** showed us his model railroad set up in his backyard; very impressive and the result of a lot of hard work on his part. We all look forward to our Nov. game scheduled at **Sid Landman's** house in Clayton.

dementia in their seventies and eighties than those who were initially the least fit. Cardiorespiratory fitness may help prevent dementia by reducing the risk of diabetes and hypertension, both of which can contribute to dementia. Still, the benefit of being fit remained even after the researchers controlled for such factors. Physical activity and fitness also have direct effects on the brain that lower dementia risk—reducing brain shrinkage, for instance. As the accompanying editorial concluded, fear of Alzheimer's may motivate people to heed advice to exercise, which is "a reasonable prescription for dementia prevention."

**Get into the habit:** One benefit of exercising in middle age is that it increases the likelihood that you'll continue to exercise in later life. And it tends to go along with other good habits, like eating healthy foods and not smoking. Still, if you're past middle age and didn't exercise much back then, you didn't miss the train—you can still hop on at the next station. Research shows that it's never too late to start.

## Duplicate Bridge

Doug Eisner

**Jim Jackson** graciously hosted 3 tables of duplicate bridge on Oct 21. **Fred Kovar** dominated the game from the very first hand and won going away as he blew off all comers to win first place with a score of 35.0 pt. **Sid Landman**, one of our newer players, took second place with a score of 28.0 pt while **Bob Yolland's** 26.0 pt carried him into third place. **Bob Donahue** will host our next game on Nov 18.

Women have more imagination than men. They need it to tell men how wonderful they are. When women are depressed they either eat or go shopping. When men are depressed, they invade another country.

A woman has the last word in any argument. Anything a man says after that is the beginning of a new argument.
